Large Animal Rescue Training

for Horse & livestock event organisers, coaches, officials, welfare officers or people who encounter large animals in the workplace

with Anthony Hatch & Peter Christof

Two x 2 day courses - University of Adelaide, Roseworthy Campus

Course 1: Thurs 6 & Fri 7 June   Course 2: Sat 8 June & Sun 9 June

Day 1 includes: Introduction to Large Animal Rescue training, horse behaviour, practice the basic manoeuvres (forwards, rearwards, sideways) using the training mannequin horse

Day 2 includes: Accident scene risk assessments, introduction to use of the rescue glide, considerations for handling deceased horses with dignity at accident scenes (Day 1 is a pre-requisite)

Helps meet not-for-profit horse organisation or workplace requirements for

- ✓ **Workplace health & safety (new WHS laws now include volunteers)**
- ✓ **Animal welfare management continuous improvement**
- ✓ **Training helps attract and retain volunteers & staff and to keep them safe in your workplace –** incl. events, shows, stables, emergency services, stock handlers

Day 1 & 2 are pre-requisites for "Day 3" to be delivered in the future, specifically aimed at horse events that have an attending equine veterinarian & "Day 4" for emergency services
